To whom it may concern,

Neil Bannet have been contracted by Fullstack Advisory Pty Ltd as a full stack web developer. In our dealings with Neil, we found him very professional and pro-active with the work involved.

Neil has excellent communication skills and can pick up complex jobs with ease. In addition, he is extremely organized, reliable and computer literate. Neil can work independently and is able to follow through to ensure that the job gets done. He is flexible and willing to work on any project assigned to him. We used Neil on more than one occasion and each time he implemented the job as required.

I would have no reservations about recommending Neil for any appropriate position or employment aligned with the above.

Should you have any questions or need further clarification please feel free to contact me at stuart@fullstack.com.au.

Yours sincerely,

Stuart Reynolds
